

Redmine - Defect #2221

Today filter fails on sqlite

2008-11-21 12:04 - Alex Mankuta

Status:	Closed	Start date:	2008-11-21
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	0.8	Affected version:	
Resolution:	Fixed		
<b>Description</b> I use Redmine with sqlite and it has some issues with today filter. Basically it shows tomorrow issues but not today.  It looks like a bug in sqlite itself. The lower value is not tested for equality but higher is.  PS: I didn't check other date filters yet. Probably they need similar fixes too.			

Associated revisions

Revision 2054 - 2008-11-23 17:40 - Jean-Philippe Lang

Fixed date filters accuracy with SQLite (#2221).

History

#1 - 2008-11-23 17:38 - Jean-Philippe Lang

- Category changed from Search engine to Issues
- Status changed from New to Closed
- Target version set to 0.8
- Affected version (unused) set to devel
- Resolution set to Fixed

Actually, the fix was a bit more complex so that it works with Postgresql as well.  
It should be fixed in [r2054](#). Thanks for pointing out.
