

Redmine - Defect #22302

Status field doesn't appear on issues edit action

2016-03-22 05:02 - Anton Abramenko

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	3.2.1
Resolution:	Invalid		
Description			
From RusRedmineIssueTrackingSetup is set "add note" permission enabled to role, but status field doesn't appear on issues edit/update action.			

History

#1 - 2016-03-22 06:23 - Toshi MARUYAMA

- Status changed from New to Closed
- Resolution set to Invalid

Because you don't have "edit issues" permission.

#2 - 2016-03-22 08:04 - Anton Abramenko

- File [wiki.jpg](#) added
- Status changed from Closed to Reopened

In wiki [RedmineIssueTrackingSetup](#) wrote:

Note: For a user to change an issue status, they need to have *either 'Edit' or 'Add note' permission* (see Roles and permissions).

In redmine version up to 2.6 allows edit status field on edit/update action without "edit issues" permission.

#3 - 2016-03-22 09:05 - Toshi MARUYAMA

- Status changed from Reopened to Closed
