

Redmine - Patch #2265

Revert a specific plugin migrations

2008-12-02 15:20 - Jean-Baptiste Barth

Target version:	0.9.0		

Description

There's a topic on the forum [here](#) where the person asks how to revert plugin migrations easily. I think it would be useful if people want to try plugins and then uninstall it.

Engines seems to be able to do that but I didn't managed to make it work. Anyway, I think it's the same as the task to migrate all plugins : Engines know how to do this but a redmine specific task has been added. So I suggest to add a redmine specific task to migrate just one plugin.

I leave a patch in attachment, which is nearly a copy/paste from Engines db:migrate:plugin task.

Usage:

```
$ rake db:migrate_plugin NAME=my_plugin : migrate to last version of "my_plugin"
```

```
$ rake db:migrate_plugin NAME=my_plugin VERSION=X : migrate to version X (and 0 when you uninstall)
```

Any opinion about that ?

- File *migrate_plugins.diff* added

My proposal wasn't very beautiful.. Sorry for the double post.

#3 - 2008-12-05 11:17 - Markus Knittig

+1

I have also failed to get the Engines uninstall routine work.

#4 - 2008-12-05 18:46 - Stephanie Collett

+1 This will be handy when experimenting with plugins.

- Status changed from New to 7
- Assignee set to Eric Davis

Great workaround. I'd like fix this in Engines and submit a patch to the Engines project. I just tried to migrate a plugin on a separate Engines project (<http://github.com/courtenay/tentacle/tree/master>) and it had the same error.

#6 - 2009-02-20 16:30 - Thomas Löber

- File *engines.rake.diff* added

As the Engines plugin is part of Redmine's source tree shouldn't we fix the error there? (See patch.)

#7 - 2009-03-17 12:44 - Benjamin Baroukh

Any news about an integration into Redmine core ?

#8 - 2009-04-20 16:23 - Javier Barroso

I tried uninstall budget plugin, but table 'deliverates' is still on db. did I lose something ?

Thanks

#9 - 2009-09-06 22:46 - Eric Davis

For the Rails 2.3.4 upgrade (#3597) I had to upgrade Engines which will fix this bug. I'll close it once #3597 is ready.

#10 - 2009-09-13 19:18 - Eric Davis

- Status changed from 7 to Closed
- Target version set to 0.9.0
- % Done changed from 0 to 100

This should be fixed in the latest Rails Engines upgrade, r2887.
