

Redmine - Defect #2284

Activity page never shows Global

2008-12-05 21:01 - Jan Losinski

Status:	Closed	Start date:	2008-12-05
Priority:	High	Due date:	
Assignee:		% Done:	100%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
Since update to r2088 the overall Activity page never shows all activities for all users. It only shows the Activities of the current user.			

History

#1 - 2008-12-05 23:15 - Markus Knittig

Works fine for me...

#2 - 2008-12-05 23:31 - Mischa The Evil

Works fine for me too...

Are you certain that you weren't looking at the user's activity view implemented in [r2066](#) followed by [r2070](#) and [r2073](#)?

#3 - 2008-12-06 00:00 - Jan Losinski

The projects/activity Page shows me only my own activity.

#4 - 2008-12-06 00:12 - Jan Losinski

- Status changed from New to Resolved
- % Done changed from 0 to 100

Ok, after update to [r2089](#), two more reloads of the Webserver and several browser reloads the problem seems to be gone.
please excuse the trouble.

#5 - 2008-12-06 00:22 - Mischa The Evil

- Status changed from Resolved to Closed
- Affected version (unused) deleted (devel)
- Resolution set to Invalid

It seems most-likely that the "two more reloads of the Webserver and several browser reloads" solved your issue. [r2089](#) isn't related to the change of the activity-view changes.
Thanks for the feedback.

#6 - 2008-12-08 23:41 - Mischa The Evil

Could it be that this issue is triggered by the error which is fixed in [r2114](#)?
