Oh man, #22481
I've created my patch more than year ago, and only today found time to submit it properly. Anyway, we can merge our patches somehow.

- Subject changed from Additional filetypes (pdf,tif,tiff) for thumbnails generation to Additional filetypes (tif,tiff) for thumbnails generation
- Category changed from UI to Attachments

I've modified the subject according to what is going to be covered by this issue. PDF thumbnail support is handled through issue #22481.
I target this issue to version#119 to get it introduced together with #22481. Please correct this if decided otherwise.

Small note: this patched implementation needs to be adjusted to meet the changes of r16092.

- Target version set to 3.4.0

#6 - 2017-06-10 10:33 - Jean-Philippe Lang

- Target version changed from 3.4.0 to 4.1.0

#22481 is not ready for 3.4.0. Note that this patch conflicts with #22481.

#7 - 2019-05-25 07:54 - Go MAEDA

- Target version changed from 4.1.0 to Candidate for next major release

Removing this issue from 4.1.0 because another patch #22481 which adds PDF thumbnails support was committed and we need a new updated patch in order to support TIFF thumbnails.
