Target version:	3.2.3			
Resolution:	Fixed		Affected version:	3.2.2

Description

Steps to reproduce:

1. Open the issues tabs
2. Group results by an attribute (tracker for example)
3. Observe that the colspan attribute of the "Group by" row (tr.group) is bigger with one than the number of columns of issue rows (tr.issue).
4. Because of that, the right border is missing for issue rows and table header
