

Redmine - Feature #23030

Changing the name of a value for a list custom field and replacing the old one

2016-06-09 22:17 - Fred B

Status:	Needs feedback	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
You should be able to indicate which value replace another whiler changing one. So request would be automatically changed reflecting this.			

History

#1 - 2016-06-11 04:59 - Go MAEDA

- Status changed from New to Needs feedback

Please try "Key/Value list" custom field (available since Redmine 3.2.0) instead of "List" custom field.

#2 - 2016-06-14 20:09 - Fred B

I have 2.4. Also, it's too late to change.

Is there a way to do it in the database?
