Target version:	3.3.0		
Resolution:	Fixed		
Description			
<p>CodeRay v1.1.1, which includes several neat changes (fixes, as well as support for new language features) was released on 20 Feb. 2016.</p> <p>This release includes one change that affects the alpha stylesheet, that in turn is used as a base for Redmine's own CodeRay CSS styles; hence this upgrade needs a small CSS stylesheet change like done before in r7618 and r7623 (for 1.0.0 upgrade), r9389 (for 1.0.6 upgrade) and r14488 (for 1.1.0 upgrade).</p> <p>Please note that I'd leave a tested patch myself if only I were currently able to create one, which I'm not at the moment.</p> <p>Thanks in advance.</p>
