**Description**

I'm a developer [https://github.com/okkez/redmine_full_text_search](https://github.com/okkez/redmine_full_text_search)

I want to add functionality to sort by `updated_at` or `score`.

Please apply these patches.

Thank you.

Could you describe use cases of the changes?

#2 - 2016-06-24 09:56 - okkez_

In Redmine 3.3.0, we cannot customize search result (app/views/search/index.html.erb) at all.
I want to add new query parameter `orderby` or `sortby`.
And `Redmine::Search::Fetcher` cannot handle extra query parameters such as `orderby` or `sortby`.
I want to use extra query parameters in my plugin that customizes `Redmine::Search::Fetcher`.
