

Redmine - Defect #23155

redmine.org does not redirect to www subdomain

2016-06-23 21:05 - Adam Liszkai

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Website (redmine.org)	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Duplicate		
Description			
In the past I always typed the redmine url address, and now when I typed redmine.org in to my browser and it showed a forbidden page, somehow the domain not redirected to the www subdomain. Please check it and make work the <a href="http://redmine.org">http://redmine.org</a> link again :)
