

Redmine - Patch #2318

RTL Theme

2008-12-11 23:33 - Ficoos Bangaly

| Target version: | | | |
| Description A theme based on Alternate (and depends on it). Overrides certain properties to change the UI to better suit Right-To-Left languages (Hebrew, Arabic etc.). There are some glitches where an item's style was not stated in CSS thus to complicated to change. | | | |

History

#1 - 2008-12-11 23:58 - Ficoos Bangaly

- File *application.css* added

Found a tiny glitch that could be fixed

#2 - 2008-12-13 03:16 - Mischa The Evil

- Assignee set to *Mischa The Evil*

I just created a dedicated wiki-page for Redmine themes. I'm not quite able to test this theme (modification) but I can create a dedicated page for it to publish it more "standardized" if you wish.

Then please wrap-up this tiny file into a separate theme-package (zipped or tarred-gzipped), including the necessary directory-structure (see [here](#)), with some basic information (see for example [ThemeAlternate](#)) and add some (4-6) screenshots of the theme (preferred resolution would be 480x360).

Greetings,

Mischa.

#3 - 2009-01-09 12:12 - Mischa The Evil

- Assignee deleted (*Mischa The Evil*)

I've tested this theme (with a non-RTL language) and it does not seem very stable/clear. Some feedback is really required before submitting this "theme" to the dedicated [themes-list](#).

Mischa.

#4 - 2010-04-26 10:41 - Orgad Shaneh

- File *application.css* added

- File *app-rtl.patch* added

- File *normal-css.patch* added

fixed some issues. this is much better. needs to modify `app/views/issues/_history.rhtml` for the journal links to be on the correct side (replace an explicit `style="float: left"` with `id`), and add this to the `normal application.css` as well...

patches and css file included.

#5 - 2010-04-26 10:48 - Orgad Shaneh

- File *application.css* added

oops! wrong application.css

#6 - 2010-05-30 14:40 - Orgad Shaneh
- File application.css added

a few more changes to application.css. Please add to upstream!

#7 - 2010-05-30 14:44 - Orgad Shaneh
- File css.patch added

this patch replaces normal-css.patch

#8 - 2010-05-30 14:45 - Orgad Shaneh
- File app-rtl.patch added

and this one replaces app-rtl.patch (replaced id=journal-link with class=journal-link)

#9 - 2010-08-30 14:20 - Azamat Hackimov
- Status changed from New to Closed

RTL-layout committed in [#6012](#)
