Redmine - Defect #23198

Group by Category does not group across projects

2016-06-29 16:30 - @ go2null

Status:	New	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues filter	**Estimated time:**	0.00 hour
Target version:			
Resolution:		**Affected version:**	

Description

Example:

- I have a category called "Documentation" in two different projects.
- I go to 'Projects and choose View all issues
- Then I expand **Options** and select **Group results by** Category.
- There are two grouping for Documentation, one per project.

It appears that the grouping is done by category_id, not category.name.

History

#1 - 2016-07-04 06:58 - Toshi MARUYAMA

- Category changed from Issues to Issues filter

#2 - 2016-07-04 07:06 - Toshi MARUYAMA

Because category depends on project.

#3 - 2016-07-04 07:08 - Toshi MARUYAMA

- Related to Feature #8192: Make a global category filter available from issues list at All Issues level added

#4 - 2017-04-14 23:41 - James Stewart

- File incorrect_subtotals_by_category.png added

+1

Also, I don't see it referenced anywhere in another open issue but the subtotals next to each grouping don't match the number of issues in the group in many/most cases. See attachment.

#5 - 2017-06-21 07:25 - Toshi MARUYAMA

- Related to Defect #26023: Category filter only shows categories of current project added
