Description

Hi,

We plan to provide an instance of redmine for the hotline of real estate company.

For that professionnal environment we had to make some slight modifications:
- Restricting issue listing for some roles to display only owned and assigned ticket
- Restrict assigned to attribute.

We would be glad to provide our contribution back to your excellent software.

Could you please register me as contributor and send me the steps to follow ?

Regards, Jonathan Biolaz

PS: I didn't find another way to contact you !

Why don't you post it as a patch (tracker "patch") and link it to this issue?

I'd think that it the best path to get it into use.

/T

See [#3187](#) (the patch)

#5 - 2010-03-31 05:29 - Sweet Geng

he how about this issue ?
i had read [#3187](#) [#2653](#) [#4756](#) [#2331](#)
but i didn't see an solution for view_own_issues !
i use 0.9.2 stable version , can you help me ? my english not good !
thanks
