

Redmine - Defect #23394

Auto-assign on category selection does not work when assignee is a required field

2016-07-21 13:08 - Anonymous

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
Description When the assignee is set as a mandatory field, the auto-assign function related to category does not work. Test setting: 01_required_field.PNG Category definition: 02_category_settings.PNG Attempt to create issue: 03_error_on_creation.PNG If the assignee requirement is removed, the assignee is set as expected after a category has been chosen and the issue has been created. Environment: Redmine version3.3.0.stable Ruby version2.1.8-p440 (2015-12-16) [i386-mingw32] Rails version4.2.6 Environmentproduction Database adapterMysql2 SCM: Subversion1.8.16 Git2.7.4 Filesystem Redmine plugins: no plugin installed
