<b>Target version:</b>	
<b>Resolution:</b>	
<b>Description</b>	
<p>The following contexts are maintained independently even though they share same contents.</p> <ul style="list-style-type: none"><li>- Textile<ul style="list-style-type: none"><li>- wiki page: [[RedmineTextFormattingTextile]]</li><li>- help HTML: source:trunk/public/help/en/wiki_syntax_detailed_textile.html</li></ul></li><li>- Markdown<ul style="list-style-type: none"><li>- wiki page: [[RedmineTextFormattingMarkdown]]</li><li>- help HTML: source:trunk/public/help/en/wiki_syntax_detailed_markdown.html</li></ul></li></ul> <p>I'd like to propose the following procedure to maintain them.</p> <ul style="list-style-type: none"><li>- use the wiki pages as master files</li><li>- don't the help HTML files directly</li><li>- the two miki pages include a wiki page for shared contents, [[RedmineTextFormattingRedmineLinks Readmine links]] (done in #16373-26)</li></ul>	

### History

#### #1 - 2016-07-23 17:46 - Hiroo Hayashi

- File `wiki_syntax_detailed_textile.html` added
- File `wiki_syntax_detailed_markdown.html` added

I updated [[RedmineTextFormattingTextile]] and [[RedmineTextFormattingMarkdown]]. (#16373-27)

Please double check if I did not break anything.

The attached are help HTML files generated from the wiki pages above. Use them as help file, source:trunk/public/help/en/wiki\_syntax\_detailed\_textile.html and source:trunk/public/help/en/wiki\_syntax\_detailed\_markdown.html.

#### #2 - 2016-07-29 22:23 - dumb blob

Hiroo Hayashi wrote:

| Please double check if I did not break anything.

I've checked them and both seem to be OK. Thanks for the update.

### #3 - 2016-07-30 06:22 - Hiroo Hayashi

- File `wiki_syntax_detailed_markdown.html.patch` added

'dumb blob',

Thank you for your checking.

Maruyama-san,

If you see no problem, please commit HTML files on note 1.

BTW I made some additional minor fixes on `[[RedmineTextFormattingMarkdown]]`.

- use `<strong>` and `<em>` instead of `<notextile>`
- remove unnecessary line-breaks

The attached is the patch for the HTML file.

### #4 - 2019-10-23 16:54 - PICCORO LenzMcKAY

hey.. the markdown and textile help are confused.. it said ;

```
!{{include(Foo)}}
```

but must be

```
{{include(Foo)}}
```

see #32328
