Description			
On "My Page" both widgets "Watched issues" and "Issues assigned to me" show only open issues. "Reported issues" shows issues with any status. I believe all three widgets should filter open issues only.

Totally agree that all three widgets should have the same behavior and show only open issues. Attached is a patch that fixes this also for reported issues block. I didn't add any test because I didn't find any existing tests for these widgets.

- *Target version set to 3.3.1*

I think this behavior should have changed together with #15777. It was my mistake, when I set target version of #15777 to 3.3.0.

Setting target version to 3.3.1.
