Thank you for checking on Windows. I tested on Windows after seeing your post and found that the problem can not be reproduced on Windows.

I reproduced this problem on:

- Mac OS X 10.11.6 - Chrome 52.0.2743.116 (64-bit)
- Mac OS X 10.11.6 - Safari 9.1.3 (11601.7.8)

#6 - 2016-09-27 08:51 - Go MAEDA

- Target version set to 3.4.0

#7 - 2016-10-01 13:07 - Jean-Philippe Lang

- Status changed from *New* to *Needs feedback*

Could we fix the style without having to change the DOM element from input to button?

#8 - 2016-10-01 14:40 - Marius BĂLTEANU

- File *fix-login-button-is-too-thin_v2.diff* added

Jean-Philippe Lang wrote:

Attached an alternative patch that fixes this issue only from CSS. I chose to target all input elements with type submit to prevent further issues like this.

#9 - 2016-10-02 13:05 - Jean-Philippe Lang

- Assignee set to Go MAEDA

Thanks for the patch. Go, can you confirm the fix works for you?

#10 - 2016-10-02 14:30 - Go MAEDA

- Status changed from *Needs feedback* to *Resolved*

- Assignee changed from Go MAEDA to Jean-Philippe Lang

Thanks to Marius BALTEANU, the fix works completely for me.

#11 - 2016-10-02 15:09 - Jean-Philippe Lang

- Status changed from Resolved to Closed
- Target version deleted (3.4.0)
- Resolution set to Fixed

Thanks for your feedback, the patch is committed.
