Redmine - Defect #24002

Filter on issues page does not appear after adding (it looks like jQuery version problem)

2016-10-05 11:31 - Ilya Ternovoy

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**

Category:	Issues filter		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	3.3.0

Description

After updating on Redmine 3.3.0 filters stop working.
It looks like jQuery version problem, cause errors on page are:

_Uncaught TypeError: Cannot read property 'msie' of undefined
lightbox.js:11 Uncaught TypeError: $(...).fancybox is not a function_

My jquery file from /redmine-3.3.0/public/javascripts/jquery-1.11.1-ui-1.11.0-ujs-3.1.4.js is in attachment.

My plugins now is:
clipboard_image_paste
redmine_inline_note_images_plugin
redmine_ldap_sync
redmine_lightbox
sidebar_hide

History

#1 - 2016-10-05 11:50 - Marius BĂLTEANU

Filters are working in Redmine 3.3.0. Please try without plugins.

#2 - 2016-10-05 15:42 - Ilya Ternovoy

- Status changed from New to Resolved

You were right. The problem was in redmine_lightbox plugin.
I did
bundle exec rake redmine:plugins:migrate NAME=redmine_lightbox VERSION=0 RAILS_ENV=production
the removed the **/opt/redmine-3.3.0/plugins/redmine_lightbox** folder and restart redmine and now issue filters work great.
Thanks!

#3 - 2016-10-05 15:48 - Toshi MARUYAMA

- Status changed from Resolved to Closed

- Resolution set to Invalid

Thank you for your feedback.
