

Redmine - Feature #24015

Do not hide estimated_hours label when value is nil

2016-10-07 14:14 - Luka Lüdicke

Resolution:	Fixed		

Description

Currently the estimated_hours is completely hidden from Issue Show view when the value is nil or 0.

That is undesirable. The fact that there has not been a value set is valuable information and should be shown more explicit.

My proposed change is the following code in the issues/show.html.erb Template:

```
# override Redmine behaviour and always show the estimated hours but with empty value
rows.right 1(:field_estimated_hours), (@issue.estimated_hours.present? || @issue.
total_estimated_hours.to_f > 0) ? issue_estimated_hours_details(@issue) : '',
      :class => 'estimated-hours'
```

What do you think of it?

Revision 15906 - 2016-10-10 10:30 - Jean-Philippe Lang

Do not hide estimated_hours when field is not disabled (#24015).

History

#1 - 2016-10-08 10:20 - Jean-Philippe Lang

- Assignee set to Jean-Philippe Lang
- Target version set to 3.4.0

I agree, it used to be hidden if empty for people who do not want to use it. But now that we can enable/disable standard fields on each tracker, we should not hide it when it's enabled.

#2 - 2016-10-10 10:30 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Fixed

Fixed in [r15906](#).
