Issue subject is not updated when you select another issue on time entry form (#24041).

History

#1 - 2016-10-12 08:34 - Marius BĂLTEANU

- File *update_issue_subject_v2.patch* added

Updated the patch to use the actual condition

#2 - 2016-10-25 10:18 - Marius BĂLTEANU

- File *update_issue_subject_v3.patch* added

I've found a better solution which use the existing `link_to_issue` method. Added some assertions too.

#3 - 2016-11-07 02:44 - Toshi MARUYAMA

- Target version set to 3.2.5

The same issue reproduces also in the edit time entry page where the call to `time_entries/new.js` is not made. The JS block which makes the call is rendered only for new records and it is not enough to remove the if statement.

```
<% if @time_entry.new_record? %>
  $(document).ready(function(){
    $('#time_entry_project_id, #time_entry_issue_id').change(function(){
      $.ajax({
        url: '<%= escape_javascript new_time_entry_path(:format => 'js') %>',
        type: 'post',
        data: $('#new_time_entry').serialize()
      });
    });
  });
<% end %>
```

#5 - 2016-11-18 09:11 - Jean-Philippe Lang

- Status changed from New to Resolved

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

This should be fixed on both new and edit forms by [r15951](#), thanks.

#6 - 2016-11-26 09:56 - Jean-Philippe Lang

- Status changed from Resolved to Closed
- Target version changed from 3.2.5 to 3.4.0

Some routes were changed, setting target to next major release.

#7 - 2017-07-02 07:32 - Mischa The Evil

- Subject changed from Issue subject is not updated when you select another issue in the new "Log time" page to Issue subject is not updated when you select another issue in the new "Log time" page
