Redmine - Feature #24067

Total Estimated Time should be available on Totals options

2016-10-14 05:44 - Valdir Stiebe Junior

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues filter	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Duplicate		

Description

The *Total estimated time* and *Total spent time* are missing from the *Totals* options on query filters. See the attached image.

This would be useful when working with subtasks grouped by target version. So we can sum the total estimated time on subtasks, not only directly estimated time.
As a workaround we are using the filter *Parent Task* with the operator *Any* to sum the subtasks estimated time.

Redmine 3.3.0 (bitnami install) here.
