

Redmine - Patch #2425

Admin Info Screen: Display if plugin assets directory is writable

2008-12-31 12:09 - Marc Liyanage

Status:	Closed	Start date:	2008-12-31
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Administration	Estimated time:	0.00 hour
Target version:	0.8.1		
Description <p>This patch adds an additional line to the Admin info screen that shows if the plugin assets directory is writable. On my installation, I only learned about this requirement from e-mail messages by a cron job.</p> <p>I don't know how to go about the localizations, I only put in English. Feel free to change/adapt/discard the patch however you see fit...</p>
