Redmine - Feature #24319
Last assigned to option in the Assignee selection list

2016-11-10 17:06 - Luka Lüdicke

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate			

Description

Very often in the flow of working on an issue you want to assign the issue to the last person which had the ticket.

My suggestion is that below the option a second special option with the label

    << last: account_anme >>

should be added.

I call this "giving back" the *Ping Pong Feature* ;-)

What do you think about this feature request?

We have working code in our plugin to implement this. It requires a change of the principals_options_for_select application_helper and a method in the issue model which returns the id of the last assignee, based on the Journals.

and could implement a patch for this.

- Status changed from New to Closed

- Resolution set to Duplicate

Thank you for creating this issue but the same feature has already proposed as #16045.

I am closing this issue.
