

Redmine - Defect #24335

Flawed display of the "+" dropdown menu tab.

2016-11-12 20:50 - Eric dLR

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	3.3.1
Resolution:	Invalid		

Description

When the settings "Project menu tab for creating new objects" is set to 'Display the "+" dropdown", all the drop down menu items are displayed as tab.
Each 'new' option is working fine.
It happens after an update from 2.5.2.devel to 3.3.1.stable. and I see it on every browser i tried... and it's a lot of browser!

See the attached screenshot

Environment:

Redmine version	3.3.1.stable
Ruby version	2.1.5-p273 (2014-11-13) [x86_64-linux-gnu]
Rails version	4.2.7.1
Environment	production
Database adapter	Mysql2

SCM:

Subversion	1.8.10
Mercurial	3.1.2
Git	2.1.4
Filesystem	

Redmine plugins:

no plugin installed

History

- Status changed from New to Resolved

The previous redmine-2.5.2.devel was installed from debian repository. The v3.3.1.stable was installed from the redmine-3.3.1.stable.tar.gz archive. So just to be sure that every library needed is installed I run this command from the [HowTo Install Redmine on Debian 8 with Apache2-Passenger](#) wiki page:

```
$ sudo aptitude install mysql-server mysql-client libmysqlclient-dev gcc build-essential zlib1g zlib1g-dev zlibc ruby-zip libssl-dev libyaml-dev libcurl4-openssl-dev ruby-gem libapache2-mod-passenger apache2-mpm-prefork apache2-dev libapr1-dev libxslt1-dev checkinstall libxml2-dev ruby-dev vim libmagickwand-dev imagemagick
```

After restarting the apache server, the dropdown menu was fixed.
