Redmine - Defect #24451

Migrate multiple trac to a redmine

2016-11-24 20:16 - Ariel Fellay

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Importers		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	2.5.2

Description

First of all, sorry for my English.
I am using migrate_from_trac.rake for migration and my situation is as follows.
I have to migrate 5 or more trac to a redmine.
My problem arises when I am going to migrate the second trac.
I can see the second issues but not the first ones.
I have noticed that the states of the issues of the first trac are erased and those of the second are inserted.

Is that already solved?
From already thank you very much for your time

History

#3 - 2016-12-18 04:19 - Mischa The Evil

- Status changed from New to Closed

- Priority changed from High to Normal

- Resolution set to Invalid
