- Status changed from New to Needs feedback

We can reorder issues in "Issues" page by clicking header column.
Is it correct that you want to reorder issues in Gantt page in the same way? (showing more column other than subject and reorder issues in gantt by cliking the header).

Thank you, Go Maeda

It's Correct

The method does not matter. but for example, the method that add a check box in option.

+1

If this feature is realized, I think the Gantt chart will be easier to use.
