

Redmine - Feature #24629

Add option to decide default value for "I don't want to be notified of changes that I make myself"

Resolution:	Duplicate		
Description			
It looks to me that the option "I don't want to be notified of changes that I make myself" is set by default, and there is no way to revert this.			
This is specially an issue with users that get automatically created by the rdm-mailhandler.rb-script.			
Please add an option either to settings->authentication->Default values for new users, or a parameter in the rdm-mailhandler.rb-script.

- Subject changed from Add option to decide default value for "I don't want to be notified of changes that I make myself" to Add option to default value for "I don't want to be notified of changes that I make myself"

#5 - 2017-01-15 04:37 - Toshi MARUYAMA

- Subject changed from Add option to default value for "I don't want to be notified of changes that I make myself" to Add option to decide default value for "I don't want to be notified of changes that I make myself"

#6 - 2020-02-26 09:59 - Enrique Sainz

I think this would be a nice feature, especially for the purpose stated by the OP: users that get automatically created by the rdm-mailhandler.rb-script
