**Description**

I propose to rename the variable name "issue" to "item" in the following QuerysHelper methods:

- column_content
- column_value
- csv_content
- csv_value

These methods are used by two different entities (Issue and TimeEntry) and using the name "item" instead "issue" is less confusing. The same rename was made in r15639 (queries_controller).

**Associated revisions**

Revision 16101 - 2016-12-20 10:07 - Jean-Philippe Lang

Rename "issue" to "item" in query helpers (#24643).

Patch by Marius BALTEANU.

**History**

#1 - 2016-12-19 03:02 - Go MAEDA

- Target version set to 3.4.0

Passed all tests. Setting target version to 3.4.0.

Thank you for your daily contribution.

#2 - 2016-12-20 10:07 - Jean-Philippe Lang

- Status changed from New to Closed
- Assignee set to Jean-Philippe Lang

Committed, thanks.
