- File add-my-activities-to-my-page.patch added

I fixed a patch written by Go MAEDA (#2471#note-4) to apply to trunk.
In addition, I made partial "activities" and use it in multiple places (my page, activities/index, users/show).

I think that this feature is still necessary now.

For issues I've made something similar with a custom query, but this is much better.
