Description

In preparation of [#24723](#), I would've started a second time of search-and-replacing, but I decided to fix the following duplication and obsoletion upfront:

- extracted internal style sheets from wiki_syntax_detailed_[markdown|textile].html into an external one (*wiki_syntax_detailed.css*)
- extracted internal style sheets from wiki_syntax_[markdown|textile].html into an external one (*wiki_syntax.css*)
- removed old, obsoleted and unused 'Content-Style-Type' meta tag

I attach three patches implementing these changes. This patch serial, against current [source:/trunk@16171](#), is produced using git format-patch which makes the individual patches apply-able using "patch -p1 < 0001-...".
