

## Redmine - Defect #2501

### Stylesheets not being applied after upgrading to 0.8.0

2009-01-13 14:36 - Sam Bloomquist

<b>Resolution:</b>			
<b>Description</b>			
<p>I recently upgraded to Redmine 0.8.0 on a Dreamhost shared server by following the instructions on <a href="#">RedmineUpgrade</a>. Everything went smoothly except that now the stylesheets are no longer applied. I am getting a lot of messages like the following in my production.log file (also get similar errors for javascript files):</p> <pre>ActionController::RoutingError (No route matches "/public/stylesheets/application.css" with {:method=&gt;.get}): /vendor/rails/actionpack/lib/action_controller/routing/recognition_optimisation.rb:67:in `recognize_path' /vendor/rails/actionpack/lib/action_controller/routing/route_set.rb:385:in `recognize' /vendor/rails/actionpack/lib/action_controller/dispatcher.rb:148:in `handle_request' /vendor/rails/actionpack/lib/action_controller/dispatcher.rb:107:in `dispatch' /vendor/rails/actionpack/lib/action_controller/dispatcher.rb:104:in `synchronize' /vendor/rails/actionpack/lib/action_controller/dispatcher.rb:104:in `dispatch' /vendor/rails/actionpack/lib/action_controller/dispatcher.rb:120:in `dispatch CGI' /vendor/rails/actionpack/lib/action_controller/dispatcher.rb:35:in `dispatch' /dh/passenger/lib/passenger/railz/request_handler.rb:38:in `process_request' /dh/passenger/lib/passenger/abstract_request_handler.rb:165:in `main_loop' /dh/passenger/lib/passenger/railz/application_spawner.rb:321:in `start_request_handler' /dh/passenger/lib/passenger/railz/application_spawner.rb:282:in `handle_spawn_application' /dh/passenger/lib/passenger/utils.rb:163:in `safe_fork' /dh/passenger/lib/passenger/utils.rb:161:in `fork' /dh/passenger/lib/passenger/utils.rb:161:in `safe_fork' /dh/passenger/lib/passenger/railz/application_spawner.rb:280:in `handle_spawn_application' /dh/passenger/lib/passenger/utils.rb:163:in `safe_fork' /dh/passenger/lib/passenger/utils.rb:161:in `fork' /dh/passenger/lib/passenger/utils.rb:161:in `safe_fork' /dh/passenger/lib/passenger/railz/application_spawner.rb:279:in `handle_spawn_application' /dh/passenger/lib/passenger/abstract_server.rb:317:in `__send__' /dh/passenger/lib/passenger/abstract_server.rb:317:in `main_loop' /dh/passenger/lib/passenger/abstract_server.rb:168:in `start_synchronously' /dh/passenger/lib/passenger/abstract_server.rb:135:in `start' /dh/passenger/lib/passenger/abstract_server.rb:112:in `fork' /dh/passenger/lib/passenger/abstract_server.rb:112:in `start' /dh/passenger/lib/passenger/railz/application_spawner.rb:179:in `start' /dh/passenger/lib/passenger/spawn_manager.rb:222:in `spawn_rails_application' /dh/passenger/lib/passenger/spawn_manager.rb:217:in `synchronize' /dh/passenger/lib/passenger/spawn_manager.rb:217:in `spawn_rails_application' /dh/passenger/lib/passenger/spawn_manager.rb:126:in `spawn_application' /dh/passenger/lib/passenger/spawn_manager.rb:251:in `handle_spawn_application' /dh/passenger/lib/passenger/abstract_server.rb:317:in `__send__' /dh/passenger/lib/passenger/abstract_server.rb:317:in `main_loop' /dh/passenger/lib/passenger/utils.rb:161:in `fork' /dh/passenger/lib/passenger/utils.rb:161:in `safe_fork' /dh/passenger/lib/passenger/railz/application_spawner.rb:280:in `handle_spawn_application' /dh/passenger/lib/passenger/utils.rb:163:in `safe_fork' /dh/passenger/lib/passenger/utils.rb:161:in `fork' /dh/passenger/lib/passenger/utils.rb:161:in `safe_fork' /dh/passenger/lib/passenger/railz/application_spawner.rb:279:in `handle_spawn_application' /dh/passenger/lib/passenger/abstract_server.rb:317:in `__send__' /dh/passenger/lib/passenger/abstract_server.rb:317:in `main_loop' /dh/passenger/lib/passenger/abstract_server.rb:168:in `start_synchronously' /dh/passenger/lib/passenger/abstract_server.rb:135:in `start' /dh/passenger/lib/passenger/abstract_server.rb:112:in `fork'</pre>			

```
/dh/passenger/lib/passenger/abstract_server.rb:112:in `start'  
/dh/passenger/lib/passenger/railz/application_spawner.rb:179:in `start'  
/dh/passenger/lib/passenger/spawn_manager.rb:222:in `spawn_rails_application'  
/dh/passenger/lib/passenger/spawn_manager.rb:217:in `synchronize'  
/dh/passenger/lib/passenger/spawn_manager.rb:217:in `spawn_rails_application'  
/dh/passenger/lib/passenger/spawn_manager.rb:126:in `spawn_application'  
/dh/passenger/lib/passenger/spawn_manager.rb:251:in `handle_spawn_application'  
/dh/passenger/lib/passenger/abstract_server.rb:317:in `__send__'  
/dh/passenger/lib/passenger/abstract_server.rb:317:in `main_loop'  
/dh/passenger/lib/passenger/abstract_server.rb:168:in `start_synchronously'  
/dh/passenger/bin/passenger-spawn-server:46
```

I tried uncommenting and updating the "config.action\_controller.asset\_host" property in config/environments/production.rb with no luck. Dreamhost recently upgraded all of their servers to Rails 2.2.2, but I don't think this should be the problem since rails is frozen into the vendor directory. The environment.rb file still specifies RAILS\_GEM\_VERSION as 2.1.2

## History

---

### #1 - 2009-01-14 18:43 - Jean-Philippe Lang

- Status changed from New to Closed
- Affected version (unused) deleted (0.8.0)

Obviously, stylesheets are still there.  
Please, try to get help in the forums.
