Description
It would be very useful if we can set current date to a date format custom field when we create a new issue.

- File add_current_date.patch added

I wrote a patch to realize this feature.

Implementation for setting the default value to current date may not be the best way.
Feedback is welcome.

#3 - 2018-09-01 06:58 - Go MAEDA
- Target version set to Candidate for next minor release

Thank you for sharing the patch. The patch looks fine.

#4 - 2018-10-01 01:19 - Go MAEDA
- Target version changed from Candidate for next minor release to 4.1.0

What do you all think about this patch? Feedbacks welcome.

#5 - 2019-06-20 10:01 - Jean-Philippe Lang
- Target version changed from 4.1.0 to Candidate for next minor release

Thanks for your patch. It's a useful feature but this patch has the side effect that it makes the string "current_date" a valid value for date custom fields. I think we need a different approach.
