- Status changed from New to Needs feedback
- Priority changed from Urgent to Normal

Please describe more details.

#2 - 2017-03-02 07:20 - Hiral Shah

I want to increase the input length of name field in tracker from 30 to 100
But in patch file if i m writing the validation of length it is still showing/executing the validation of and validation message of its own file and not
executing the code written in patch file.

Reply me as soon as possible.

#3 - 2017-03-21 17:20 - Toshi MARUYAMA

- Status changed from Needs feedback to Closed
- Resolution set to Invalid
