Description

when i for instance create a ticket and want to do a copy paste
then the past within the ticket description does only work with the context menue (right mouse butten and paste)

here is my configuration of my current environment of my redmine version:
Environment:
Redmine version   3.1.1.stable
Ruby version   2.0.0-p647 (2015-08-18) [x86_64-linux]
Rails version   4.2.4
Environment   production
Database adapter   Mysql2

and here is my firefox version: 51.0.1 (32-Bit)

it seems that this issue startet with someone last update of the firefox?!

if i try chrome browser this copy paste works fine!

any news about this issue?

here some addtional informations:

i have activated the plugin redmine_image_clipboard_paste as well.
and HERE i have to following issue.
ALLWAYS when i want to copy / paste a image THEN in the body e.g. screenshot_3_1489096832.png pasted BUT the image FILENAME is allways grafik.png

strange ?
with chrome browser this plugin works !
