Thank you.

#5 - 2017-03-07 01:03 - Go MAEDA

- Status changed from Closed to Reopened

Fix for this patch has been submitted as #25269.

> The change to the handling of incoming emails committed in r16371 and proposed in #25256 unfortunately improperly handles emails with multipart content but no content in a text or html part of the email. This might be the case if the email is intentionally left blank.
