History

#1 - 2017-03-08 21:50 - Jean-Philippe Lang

- Status changed from New to Closed

Adding a status should not change the default one, unless you checked "Default status" when creating it. Depending on your Redmine version, you can change the default status in Administration -> Issue Statuses or for each tracker in Administration -> Trackers.

Other possible causes would be:

1. you have no workflow defined;

2. the role of your user has not acces do created new issues into the project
