With git 2.9 I have some problems with redmine git tests.

Failure:
RepositoryGitTest#test_fetch_changesets_from_scratch [redmine/trunk/test/unit/repository_git_test.rb:139]:
Expected: 39
Actual: 38

This patch heals it.

Thank you!

Sorry for reopening (I think, there is no need for new issue), but I have problems with tests (with git 2.9) again.
