

Redmine - Patch #25392

Change Russian translation for field_due_date and label_relation_new

Description			
There is a mistranslation for these labels in redmine:			
<ul style="list-style-type: none">• field_due_date: Дата завершения<ul style="list-style-type: none">◦ In russian it has the meaning of actual date of completeness, when all is done. Due date is like a deadline, so it should be translated as "Срок завершения"• label_relation_new: Новое отношение<ul style="list-style-type: none">◦ In russian it has the meaning of new relationship with somebody, or new point of view about something. So it should be translated as "Новая связь" to be consistent with label_relation_delete: "Удалить связь"			
I've prepared a new ru.yml file based on current trunk (r16420) (unfortunately i'm not familiar with patches) - please find it in the attachments.			
This file also contains ru translation for new labels which were not translated yet except one: "error_cannot_reassign_time_entries_to_an_issue_about_to_be_deleted":			
<ul style="list-style-type: none">• If one tell me when redmine shows this label i'll find an accurate translation for this.			
It would be great to add this feature to 3.4.0
