

## Redmine - Defect #25794

### Mass-deleted attachments are not represented correctly in email notifications

2017-05-09 10:37 - Felix Schäfer

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Urgent	<b>Due date:</b>

<b>Target version:</b>		<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		
<b>Description</b>			
<p>When deleting more than one attachment through the mass-delete attachments feature on the issue edit pane, only the first deleted attachment is in email notifications that are sent out for this event. The journal details are also created for the remaining deleted attachments, but they are not part of the email notifications.</p> <p>This is due to <a href="source:/trunk/app/models/issue.rb@16545#L1742">source:/trunk/app/models/issue.rb@16545#L1742</a> calling <code>current_journal.save</code> after each deleted attachment. This causes the email notification for the journal to be sent on the first time it is called, still missing the other attachment deletions.</p> <p>I'm not quite sure of the best way to solve this as removing the <code>current_journal.save</code> messes with other things, for example removing a single attachment via clicking the trash bin next to it.</p>

#### Associated revisions

##### Revision 16573 - 2017-05-27 10:44 - Jean-Philippe Lang

Send journal notification after commit (#25794).

##### Revision 16582 - 2017-05-30 16:00 - Toshi MARUYAMA

Gemfile: pin `test_after_commit` version 0.4 (#25794)

`test_after_commit >= 0.5` requires Ruby `>= 2.0.0`

#### History

##### #1 - 2017-05-09 10:41 - Felix Schäfer

I just noticed I linked to the wrong tag: this only affects trunk currently. Sorry for the confusion.

##### #2 - 2017-05-09 10:51 - Mischa The Evil

- Related to Feature #13072: Delete multiple attachments with one action added

##### #3 - 2017-05-09 10:56 - Mischa The Evil

- Description updated

- Affected version deleted (3.3.3)

Good catch. I've adjusted the issue properties accordingly.

##### #4 - 2017-05-09 11:00 - Mischa The Evil

- Description updated

Corrected the source link to `current` trunk. Sorry for the fuzz...

##### #5 - 2017-05-09 11:04 - Felix Schäfer

Thanks Mischa :-)

**#6 - 2017-05-27 10:46 - Jean-Philippe Lang**

- *Status changed from New to Closed*
- *Assignee set to Jean-Philippe Lang*
- *Resolution set to Fixed*

Fixed in [r16573](#) by sending the notification after commit.

**#7 - 2017-05-27 10:49 - Go MAEDA**

- *Target version set to 3.4.0*

Setting target version to put this issue in changelog.

**#8 - 2017-05-27 10:53 - Jean-Philippe Lang**

- *Target version deleted (3.4.0)*

This defect is related to a feature added in 3.4.0, it should not appear in the changelog.

**#9 - 2017-06-06 08:31 - Go MAEDA**

- *Related to Feature #25538: Drop support for Ruby 2.2.1 and ealier, 2.2.2+ is now required added*

**#10 - 2017-08-05 05:55 - Toshi MARUYAMA**

- *Related to Defect #26627: Editing issues no longer sends notifications to previous assignee added*
