Redmine - Patch #26125

Unify form#query_form on calendar/gantt views with issues/spent time views

2017-06-09 00:05 - Mischa The Evil

Status: Closed

Description
I noticed a difference between the rendering of the query filter forms on the issues & spent time views and the query filter forms on the calendar and gantt views. I fixed it with the following changes:

- **1. Fix HTML structure of form#query_form on calendar/gantt views.**
  This unifies the HTML structure of the query form on the calendars/show and gantts/show views to be the same as it is currently for the issues and spent time views, which were themself unified into the new queries/_query_form partial in r15649.

- **2. Fix source indentation and newline usage.**
  This unifies the source layout of the query form on the calendars/show and the gantts/show views with the queries/_query_form partial.

- **3. Unify form#query_form structure on calendar/gantt views.**
  This:
  - moves the p with inline style on the calendar view (which wraps the navigation buttons) out of div#query_form_content and adds the contextual class to the element to unify this with the gantt view (and to remove the inline style from the element now that it's styled through a stylesheets' style [contextual in fact]):
  - restores the 12px font-size of the calendar navigation buttons;
  - increases the font-size of the gantt zoom buttons to 12px;
  - increases the margin of the calendar navigation and gantt zoom buttons to 12px 0px.

- **4. Add test assertions to the four controller test cases.**

To make the changes a bit more visual, here some ASCII and image graphics:

<table>
<thead>
<tr>
<th>view</th>
<th>was</th>
<th>becomes</th>
</tr>
</thead>
<tbody>
<tr>
<td>issues</td>
<td>form#query_form inputs div#query_form_with_buttons. div#query_form_content fieldset#filters.collapse fieldset#options.collapse fieldset#options.p.buttons</td>
<td>issues-current.png</td>
</tr>
<tr>
<td>spenttime</td>
<td>form#query_form inputs div#query_form_with_buttons. div#query_form_content fieldset#filters.collapse</td>
<td>issues-fixed.png</td>
</tr>
</tbody>
</table>
I’ll attach four patches implementing these changes. This patch serial, against current source:/trunk@16643, is produced using git format-patch which makes the individual patches apply-able using "patch -p1 < 0001-...".

Associated revisions
Revision 16701 - 2017-06-25 17:15 - Jean-Philippe Lang

Fix HTML structure of query_form on calendar/gantt views (#26125).

This unifies the HTML structure of the query form on the calendars/show and gantts/show views to be the same as it is currently for the issues
and spent time views, which were themself unified into the new queries/_query_form partial in r15649.

Patch by Mischa The Evil.

Revision 16702 - 2017-06-25 17:16 - Jean-Philippe Lang

Fix source indentation and newline usage (#26125).

This unifies the source layout of the query form on the calendars/show and the gantts/show views with the queries/_query_form partial.

Patch by Mischa The Evil.

Revision 16703 - 2017-06-25 17:16 - Jean-Philippe Lang

Unify query_form structure on calendar/gantt views (#26125).
This:
- moves the p with inline style on the calendar view (which wraps the navigation buttons) out of div#query_form_content and adds the contextual class to the element to unify this with the gantt view (and to remove the inline style from the element now that it's styled through a stylesheet's style [contextual in fact]);
- restores the 12px font-size of the calendar navigation buttons;
- increases the font-size of the gantt zoom buttons to 12px;
- increases the margin of the calendar navigation and gantt zoom buttons to 12px 0px.

- Description updated

Edit: seems like using thumbnails in tables causes some issues; replaced with regular image tags.
Edit 2: for anyone searching for the visual differences: only the calendar and gantt views are affected by these changes
Also attaching the patches.

#2 - 2017-06-19 04:55 - Go MAEDA
- Target version set to 4.1.0

Looks good to me. Passed all test.
Since we are freezing 3.4.0 now and this issue is a kind of refactoring, I think it would be better to set target version to 3.5.0 instead of 3.4.0.

#3 - 2017-06-25 17:17 - Jean-Philippe Lang
- Status changed from New to Closed
- Assignee set to Jean-Philippe Lang

Patches are committed, thanks!

#4 - 2017-07-08 18:37 - Jean-Philippe Lang
- Target version changed from 4.1.0 to 4.0.0

#5 - 2018-04-22 10:13 - Marius BALTEANU
- Related to Patch #28602: Move edit and delete buttons for queries to the buttons section added
