Description

This is a continuation of the proposal initially started in #4179#note-42 by Go MAEDA, which got split from #4179 with #4179#note-55:

Jean-Philippe Lang wrote:

But I prefer to postpone the display of user logins on profiles until we get more feedback.

Revision 17721 - 2018-12-12 01:10 - Go MAEDA

Display user logins on profiles (#26127).

Patch by Marius BALTEANU.

History

#1 - 2017-06-09 08:44 - Mischa The Evil
- Related to Feature #4179: Link to user in wiki syntax added

#2 - 2017-07-01 07:15 - Go MAEDA
- Target version set to 4.1.0

Let's include this feature in 3.5.0 if there aren't any noticeable objection.

#3 - 2017-07-01 17:52 - Marius BALTEANU
- File 4179_show_login_attribute_in_user_show_v3.patch added

Attached the patch from #4179. Also, I find this feature quite important for a mention feature (#13919) because without this, it'll be necessary to use the user id (which is not so friendly from my point of view).

Regarding user's feedback, in #4179, there are no noticeable objections. Only pro opinions, from Jan from Planio, André Lozovey, me, Go Maeda and Mischa The Evil (not 100% sure).

Well, I am quite neutral about this proposal. I do think however that this is indeed a requirement for a user-friendly implementation of a mention feature like #13919.

Toshi MARUYAMA - Related to Feature #13919: Mention user on comment/description using @user with autocomplete added

Sergey B - I would like to see this feature in my Redmine.

Marius BALTEANU - Related to Feature #17629: Make users with same name distinguishable when adding watchers added

Go MAEDA - Since there was no disagreement with the feature over the past year and a half, I think we can commit this change.

Agree.

Go MAEDA - File 4179_show_login_attribute_in_user_show_v4.patch added

Updated the patch for the current trunk r17702.

Go MAEDA - Status changed from New to Closed
Go MAEDA - Assignee set to Go MAEDA
Go MAEDA - Resolution set to Fixed

Committed the patch. Thanks.
