Description

The default behavior of links to an attachment has been switched from downloading to previewing by #25988 for 3.4.0.
But I noticed that "attachment:filename" in wiki formatting still generates a download link. This should be changed to preview link for consistency.

LGTM. It would indeed be nice if this could still be delivered along with #25988.

#4 - 2017-07-02 12:00 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Target version deleted (3.4.0)

- Resolution set to Fixed

Committed, thanks.
