Description

Like stated in the subject, these tree versions are missing due dates here on redmine.org. This makes that they show up in places where they shouldn't (see eg. the *bottom* of the version list on the roadmap sidebar).

Please set the correct release date (2015-12-05, Redmine 3.1.3, 3.0.7 and 2.6.9 released) as their due dates to fix this issue. Thanks in advance.
