Table "contacts" is not from Redmine core. You should contact plugin author.

#2 - 2017-07-07 10:30 - Go MAEDA

- Status changed from New to Closed

The problem was obviously caused by a plugin. Closing.

#3 - 2017-07-07 10:56 - Raju M

- *Status changed from Closed to Reopened*

But i am Getting "Internal error" while searching with some text in projects screen.
And also, I am not able to update ticket with emoji symbol.

I installed only only CRM plugin. That contacts table might belongs to this. Anyway its not impoartant for me.

#4 - 2017-07-07 11:04 - Go MAEDA

- *Status changed from Reopened to Closed*

You should contact the author of the plugin because the problem was caused by the plugin.
