Redmine - Defect #26387

Error displaying time entries filtered by Activity

2017-07-08 22:02 - Ulisse Bemer

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jean-Philippe Lang		**% Done:**	0%
Category:	Time tracking		**Estimated time:**	0.00 hour
Target version:	3.4.2			
Resolution:	Fixed		**Affected version:**	3.4.1

Description

Hi,

first of all, thank you for developing this great project.

I noticed that when I'm going into the "Time tracking" section, if I add to the default Date filter also an Activity filter and then I apply it, a red band appears reading:
"An error occurred while executing the query and has been logged. Please report this error to your Redmine administrator."

By reading the log, I tracked down the cause: a JOIN was missing in the time_entry_query that is used to calculate the sum of the hours (the missing JOIN was to the "enumerations" table, that's why it raised an error whenever I added an activity filter.

I solved by changing one line in the app/models/time_entry_query.rb file, from this:

    map_total(scope.sum(:hours)) {|t| t.to_f.round(2)}

to this:

    map_total(scope.includes(:activity).sum(:hours)) {|t| t.to_f.round(2)}

If it's correct, would you please commit the change to the current tree so that it makes it in the next release?
Thank you!

Associated revisions

Revision 16808 - 2017-07-09 19:16 - Jean-Philippe Lang

Error displaying time entries filtered by Activity (#26387).

Revision 16818 - 2017-07-16 13:48 - Jean-Philippe Lang

Merged r16808 (#26387).
