

Redmine - Patch #26391

Drop Darcs SCM support

Description <p>Darcs support of Redmine is broken with Darcs >= 2.5 (#13472#note-1). Darcs 2.5 was released in 2010. It is very old version, so it can be said that virtually Redmine does not support Darcs.</p> <p>I think we can drop Darcs support because we have never seen complaints about broken Darcs support in recent years, probably no one uses this feature.</p>
