You did not run "rake db:migrate".

source.tags/3.4.2/db/migrate/20170309214320_add_project_default_assigned_to_id.rb

#3 - 2017-07-20 17:30 - Toshi MARUYAMA

And it is obviously caused by redmine_my_page_queries plugin.

How to execute this in Bitnami--> windows OS

Please ask bitnami team.

In EasyRedmine, I had to manually add that database column...

(Also on Windows platform, though...)
