FTR: [Stop concurrent access](#)

#2 - 2017-08-03 15:49 - Toshi MARUYAMA

- Status changed from New to Needs feedback

Please explain more details.
Do you mean session hijacking?
Ref: [#19581#note-6](#).

Hi,

I want concurrent login to be restricted.
If any one suppose logged into any browser, then it should restrict the user from login again from different browser.

#4 - 2017-09-01 05:46 - Go MAEDA

- Category changed from Security to Accounts / authentication
- Status changed from Needs feedback to Closed
- Priority changed from High to Normal
- Resolution set to Invalid

Please use forum for question after reading [How to request help](#).

And I have posted a workaround: [RE: Stop concurrent access](#)
