See Submissions. What exactly are you doing when the error occurs? Please at least show the log entries.

How are you triggering the error? With a browser or with an API client? Which URL are you querying?

#2 - 2017-08-14 15:39 - Toshi MARUYAMA

- Category deleted (Issues permissions)

- Status changed from New to Needs feedback

- Priority changed from Urgent to Normal

#3 - 2022-01-18 16:05 - Go MAEDA

- Status changed from Needs feedback to Closed

- Resolution set to No feedback
