Description

Hi All,

How to show the dates for issue "Created" and "Updated" as dd/MM/yyyy HH:mm:ss.SS format in Redmine .

Currently , the Redmine shows the issues upto minutes , but would like to show complete DateTime (until sec/millisec) for both columns ("Created" and "Updated")

please find attachment to see how "Created" and "Updated" dates are shown currently in Redmine .

Appreciate quick help.

Regards ,
Sandeep Kutwal
